UNIQUE FEATURES

Southern Formula is proudly built in Australia by craftsmen who have been in the business for over 60 years. Our design and manufacturing team consist of qualified boat builders and a full time Naval Architect. These boats have been designed to produce greater performance over older designed boats from the 70's. Our goal was to improve on a few key features: better ride quality, better stability, more efficient hull, dryer ride with overall features and benefits internally.

Our mission was to design a superior fishing boat for its intended use, not for a race boat. The final result could be argued to have achieved both!

There is no doubt that the new Southern Formula range will be one of the best blue water fishing boats produced in Australia.

The Southern Formula 2300 has all the critical features that fishermen have been asking for, Including:

- Built tough for offshore conditions
- Custom designed wave breaker
- Hinged dive door Std.
- Variable 21° Deadrise Vee for a soft, stable, Economical & performing Hull
- 60 Year pedigree
- Full foam filled hull Std.
- Max tow-able beam at 2.5m
- Full ECM Stringer system Std.
- Duel live bait tanks Std.
- High quality finish and build
- Long range fuel tank 280L Std.
- Best in its class dash space arrangement
- 300L underfloor storage Std.
- Fully supported by national dealer network
- Huge cabin storage shelves x 4
- Heavy duty deck hardware Std.
